

“CHILDREN ARE THE ROOT OF THE HEART.”

- Barbara Nicklaus

Nicklaus Children's
Health Care Foundation

NV A CULTURE OF GIVING

One of the founding pillars of NV Realty Group is their dedication to impacting the local community. In 2004, Jack and Barbara co-founded Nicklaus Children's Health Care Foundation which has made, and continues to make, a dramatic impact on the lives of children and families locally and globally.

Honoring the family's commitment to children's charities, NV Realty Group has pledged, as a company, to contribute to Nicklaus Children's Healthcare Foundation as part of every real estate transaction made throughout the year. This annual donation will directly support the Nicklaus Children's Hospital – a world leader in pediatric care – which has touched the lives of children and families from every state in the nation and over 117 countries. Additionally, we continuously support other children-centered charities and foundations such as Juvenile Diabetes Association, Chiari & Syringomyelia Foundation, Els for Autism, MUSC Shawn Jenkins Children's Hospital, and Spinal Muscular Atrophy (SMA) to name a few.

"A legacy is not what you do on the field or inside the ropes, a legacy is what you leave behind for others and how you are remembered."

- Jack Nicklaus
