"I have known Jay for more than 15 years. He has helped me buy and sell several properties. He has gone above and beyond the call of duty particularly on the sale of my wife's former home during a much more difficult market. I trust and rely on his knowledge and insight when it comes to buying and selling properties completely. But beyond that he's just a great guy with the highest character."

"I want to take the time to express our thankfulness for your professional help in selling our home in Goose Creek, Liberty Hall subdivision. My wife and I started out trying to sell our home ourselves for about two weeks with no success. At this time Jay stepped in and offered his professional services. He sat down with us and encouraged us to actually increase the asking price and we trusted his years of experience in this industry so we agreed and proceeded forward. To our surprise as soon as he listed our home we had offers. By the end of the second day we had a solid offer and started packing by the end of the week. My wife and I are still kind of in disbelief but very thankful to God for such a blessing."

"We used Jay twice because the process was so nice! Jay helped us sell 2 of our homes, one in 2021 and one in 2022. He listened to what we wanted, and he did everything from there. It was a smooth, easy process for us. We absolutely recommend Jay. As a matter of fact, we did to our neighbor, and she too was very pleased with his services."

- Kathy Landay

"Thank you Jay for assisting me with every element of selling my home. Moving can be a hectic experience, but you and your family provided so much support that it really made the process easy. Your expertise in the real estate market and relationships in the local community were terrific assets in the process. By far, the most important and impressive result was that after listing my property with you, we had three offers within 48 hours. Outstanding!"

- Meaghan Van Liew

"Jay has been my buying agent for 6 homes and selling agent for 1. Jay has a vast knowledge of real estate not only from the agent perspective but is also a general contractor and real estate investor so he has insight and experience that most agents do not. He's the only agent I would use."

- David Higgins

"Where do I start, Jay is a spectacular blend of a thorough professional and a great friend giving good advice. He also was able to reason really well with me on setting the right price for the house. I am so grateful for a reference of Jay from a friend that I was now able to sell the house at a price that was acceptable to us. Definitely recommend his services if you need help buying or selling your home."
